If no winter benchmark assessment is given, provide a full narrative detailing progress made on goals. Include student growth and achievement data.

NOTE: * At the time of Fall 2020 NWEA Testing, 100% of students were virtual. Scores are not 100% accurate representations of student's academic ability, based on the school not being able to control the HOME environment the tests were administered in. Therefore the integrity of the test and its results cannot be relied upon with great confidence.
